

I am applying to this Leaders Internship Program because I am interested in law, government, and public service. I am a sole believer that learning how the policy is created, debated is important in becoming a successful legal/governmental professional. This internship will allow me not only to contribute to the United States and Missouri governments but also allow me to gain firsthand experience in our governmental service.

My goal is to attend law school for criminal and constitutional law and pursue a career in government service. I want to use my legal education to help shape policies that positively impact communities and uphold fairness within the local and federal constitutions. By working in the government, I hope to watch how laws are created, how negotiations are made, and watch legal precedent and principles be applied in are law-making process.

I am a dedicated, hard-working, and achieving person who has strong research, communication, and analytical skills that would help me in any office I serve in. Through my academic work and campus involvement, I have developed the ability to think critically, write clearly, and present ideas in an organized and persuasive manner. I am also highly detail-oriented and dependable. I am committed to maintaining professionalism and accuracy in all that I do.

The Civic Leaders Internship Program follows hand in hand with my political and legal aspirations. It offers me an opportunity to learn directly from policymakers, legal advisors, and public officials while gaining practical insight into how state government

functions. This will help me with my legal ambitions with hands-on experience and learning directly from a service member with years of experience.

Concluding, this internship would be the beginning of a lifelong commitment to serving others and our country through law and government. I want to build a career that combines what our Founding Fathers wanted by upholding civic responsibility, integrity, and justice, and by contributing to a change that represents the people.
