## EXPERIENCE

### **Harpo's Bar and Grill, Columbia, MO — Security**

November 2024 - Present

My day to day experience here has leveled up over the past year. I was recently moved to an assistant manager position where I oversee anywhere from 5-15 other security guys. We ensure that the bar is both safe and functioning as one should. This Job has taught me many things but the most important being people skills, conflict management and situational awareness.

### **Bellerive CC, Chesterfield, MO — Caddie**

May 2021 - Present

Helping members out during a round of golf and cleaning carts after, organizing a bag room and doing whatever it is a member might need at a given time (mainly an extra summer job). This job taught me patience as well as respect to those around me.

### **Target, Chesterfield, MO— Team Member**

September 2021 - May 2022

Scanning and stocking shelves, cleaning and sweeping when needed, working the register as well as doing returns in guest services. I worked all across the board in almost every service and saw all aspects of how a store runs.

**Why Me?**

Whatever it is I am doing, maybe school or work, I do it with a level of respect and honesty that many people do not bring to the table. I also recognize that I am representing something greater than myself. So how I carry myself in a work environment is extremely important to not only my job and me but the experience of the customers and coworkers around me.
